

Build **MY** Feedmill Conference

Organised by

YOUR GLOBAL PARTNER

Join us at VIV Asia 2025 on 13 March 2025 at IMPACT Challenger, Thailand, Bangkok, to hear about the latest feed industry innovations and how they can improve the operation of a feedmill.

The Build My Feedmill conference is based on a flow chart of a typical feedmill and will cover many aspects of feedmill operations. It provides an excellent opportunity for 10 different companies that supply feed manufacturers with advanced equipment and other services, to explain their most technically advanced innovations and why they offer advantages in the feed production line.

Attend the conference for FREE and discover the latest innovations in the industry.

We hope to see you there!

13 March 2025
10:00am - 12:30pm
